Dear Mr. Kobray,

I just wanted to let you know how much we appreciated your "Meet the Musicians" program at Bloomsbury School last week. You are an excellent pianist, whose playing really dazzled our students. It is a wonderful idea for the students to hear the music of a great composer and put it into a meaningful historical context. Holding the attention of our kindergarteners through eighth graders can be challenging, but it was obvious that everyone was captivated by your fascinating storytelling and enthusiasm for the messages and music you were sharing.

Hopefully we will have the opportunity to call upon you next year to portray yet another composer in your repertoire. Thank you again for your outstanding contribution to music education and a most enjoyable assembly program!

Sincerely,

Helen Koch
Music Teacher
