Dear Mr. Kobray:

Bravo! Bravo! Bravo!!

On behalf of our children and faculty, K-8, I would like to thank you for two dazzling performances. "Meeting" Mozart was a memorable experience for all of us!

Most impressive were your:

- keyboard virtuosity
- highly accurate representation of Mozart's biography
- depiction of the era's historical context
- authentic costume
- energetic acting

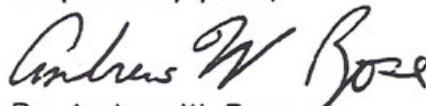

The presentations captivated diverse audiences of K-4 and 5-8 age groupings. Your modifications for the groups were developmentally appropriate and effective.

Many of the faculty and I were reminded of the total character approach of Hal Holbrook's "An Evening with Mark Twain" and the wonderful "Young People's Concerts" of Leonard Bernstein.

As a former clarinet student at the Julliard School of Music, I feel qualified to applaud your talents!

I have asked our P.T.A. Cultural Arts Chairperson to seek your return on an annual basis so that our children can "meet" all of your musicians.

Respectfully yours,

Dr. Andrew W. Rose
