Dear Mr. Kobray;

Thank you for your true-to-life portrayal of Frederic Chopin at Kernsville Elementary School last Friday. Students remember you from years past as Bach and Mozart and were really looking forward to your return. You are a very talented musician and an excellent, animated speaker. The children benefit greatly from your information-packed programs as well as the quality of your piano performance.

Our PTA enthusiastically granted my request to have you come back next February for your program on Scott Joplin. Our students appreciate your presentations and eagerly share what they've learned with their families. I know that Joplin's music and story will be just as enjoyable as that of Bach, Mozart and Chopin. Thanks again for your valuable contribution to music education!

Sincerely,

Mrs. Leah J. Kovack
